

Welcome to the August edition of Empire Life. As a valued customer of Empire Marina Bobbin Head that we are pleased to enclose your complimentary copy of Go Boating Magazine, Australia's premium monthly boating magazine, for your enjoyment.

Last berths offered for sale

The last two berths released for sale at Empire Marina Bobbin Head are now available. With the latest NSW Government demand study predicting a dramatic shortage in berths over the next 15 years, coupled with the changes to part 3A of the EP&A Act making marina development almost impossible in the Sydney Basin there will never be a better time to secure your boating future at Bobbin Head.

New Security Team at Bobbin Head

We are pleased to welcome Jonti Sarak and the team from Abacus Security to the Empire Marinas team following the retirement of Arthur Longford from Prodev Security last month. Jonti has a team of highly trained security professionals who have been inducted through the procedures and activities at Empire Marina Bobbin Head. We are sure that Abacus will continue to deliver the excellent services and security record for the marina achieved by Arthur over many years.

Spring is upon us

Finally after a wet and cold winter, spring is finally upon us and the boating season can start to get in full swing. Now is the time to get your boat ready for the season and to beat the rush we recommend that you book in early for your antifoul or work with the trades at the marina.

Daylight saving due to start on 2 October, 2011 so make sure you are ready to go by getting your work completed in September.

John Lawler returns as Empire Marinas General Manager – Operations

After successfully developing the Scrub-a-tub business with his brother Danny, John Lawler returns to a full time position with Empire Marinas as General manager- Operations.

John also takes over the role of Roy South as hardstand operations manager, a role he previously held until late 2009. Roy decided to leave the marina after 2 years to pursue other interests and we wish him well in his future endeavours.

Scrub-a-tub will also be available at Bobbin Head providing ready access to fuel and oil polishing and disposal and bilge cleaning services.

Under John's management our hardstand team will be able to offer a more comprehensive service of full project management of multi-trade projects and services and John is available Monday to Friday during business hours to discuss your boat servicing needs on 9457 9011.
